## Zoning Commission

Development and Planning Staff Report

### EXECUTIVE SUMMARY

---

Drafted 3/15/2021  
Amended 4/20/2021

#### ZON2021-0012

**City Council District:** 2 – Andy Naquin

**Parish Council District:** 2 – Kevin Naquin

**Applicant:** Quint M. Partnership LLC

**Request:** This is a request for a zoning assignment for property proposed for annexation.

**Location:** 600 Block South Domingue Avenue

#### Summary of Proposal:

This is a request for a zoning assignment for property proposed for annexation. The applicant requires annexation in order to receive LUS water services for a development containing RS-1 (Residential Single-Family) residences and MN-1 (Mixed-Use Neighborhood) business uses.

#### Recommendation:

Staff recommends approval of the request to assign this property both RS-1 (Residential Single-Family) and MN-1 (Mixed-Use Neighborhood). The light commercial zoning districts are to be at the South Domingue Avenue entrance/exit. There will be two commercially zoned areas, each 1.64 acres, and 129 residential lots.

**Reasons for Recommendation:** The area around the subject property is varied in use and development. Most of the immediately adjacent properties are undeveloped, and sometimes also unincorporated. There are residential properties to the north, and some commercial uses down South Domingue Avenue. South Domingue Avenue is largely zoned CH (Commercial-Heavy). Given that this commercial area is somewhat internal to the subdivision at the entrance/exit, MN-1 (Mixed-Use Neighborhood) is appropriate, giving the opportunity for office space or light retail. This will bring in less intense commercial/office uses for the benefit of the development's residents.

**Summary of Public Comment:** At the time of publication of the preliminary report, staff has received two calls, both were negative because of concerns about traffic and home values.

## ZONING COMMISSION RECOMMENDATION

---

The Zoning Commission held a public hearing regarding this matter at its April 19, 2021, meeting and approved a motion to recommend that the City Council approve the request to assign a zoning of RS-1 (Residential Single-Family) and MN-1 (Mixed-Use Neighborhood) for this property to be annexed into the city of Lafayette.

**PRELIMINARY STAFF REPORT**

**Applicant:** Quint M Partnership, LLC

**Request:** This is a request for a zoning assignment for property proposed for annexation.

**Location:** 600 Block South Domingue Avenue

**Description:** The property is located generally north of Ridge Road, east of South Domingue Avenue, and south of Country Hollow Lane. The subject property is approximately 35 acres.

**Why is Zoning Commission action required?**

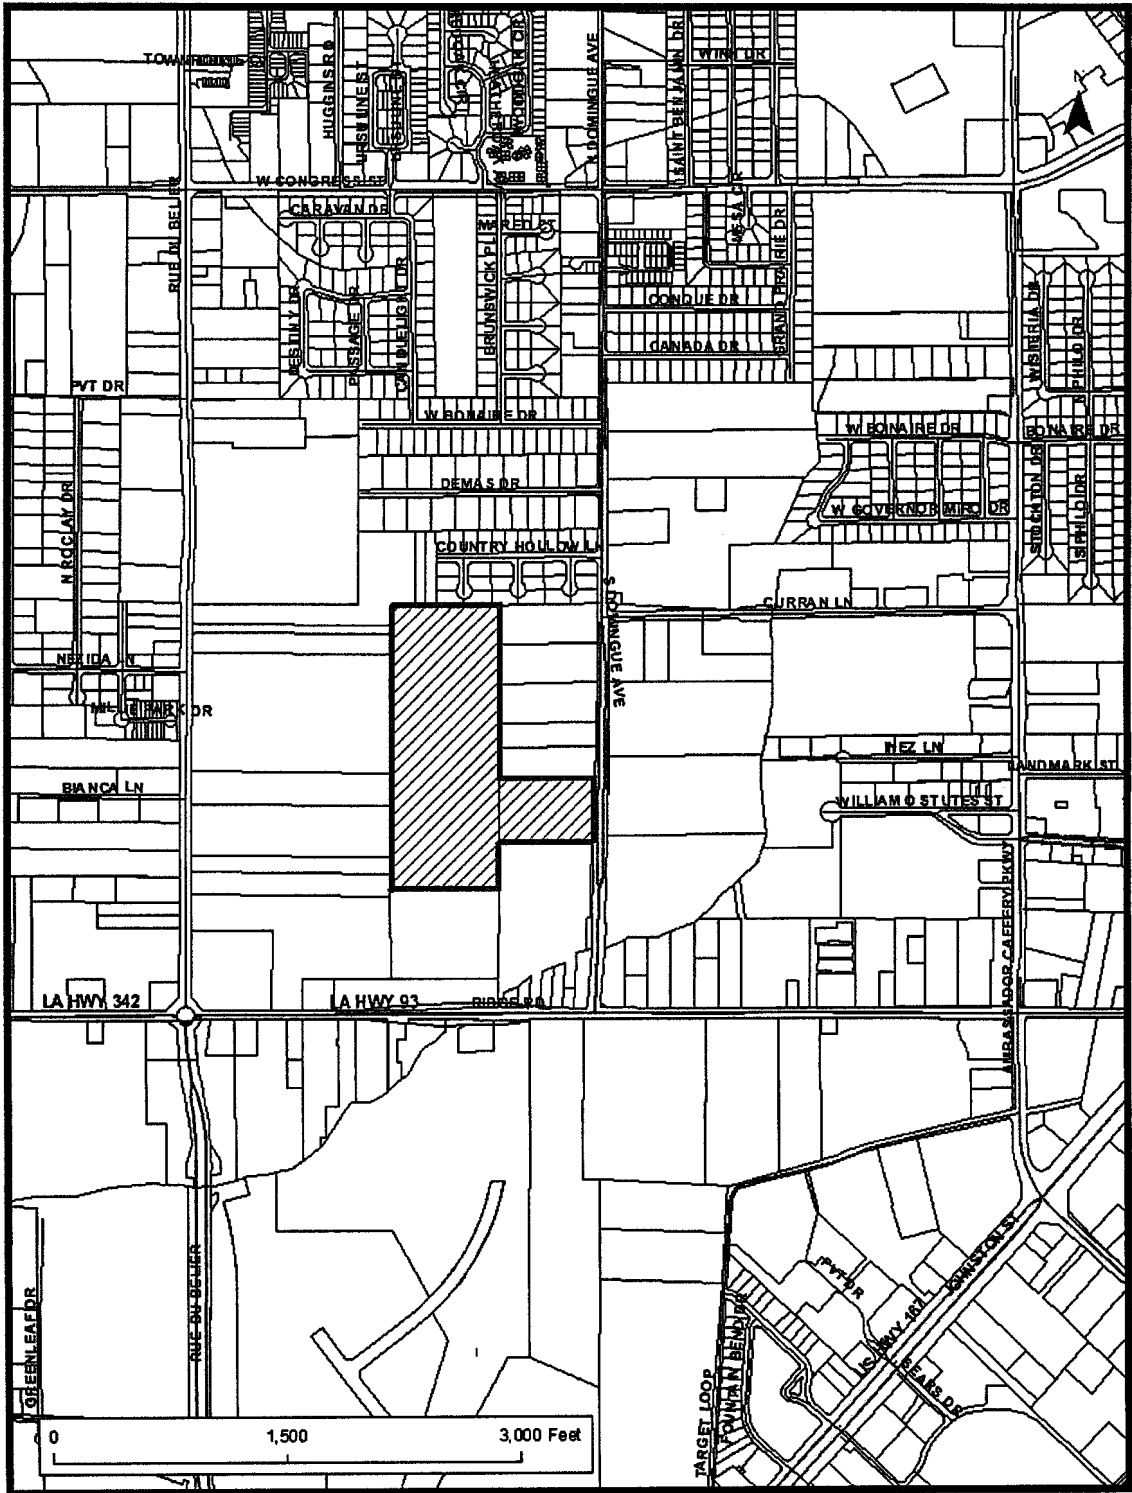

The Zoning Commission is required to make a recommendation on all applications for amendments to the zoning map to the City Council prior to council action, in accordance with Article 4 of the Lafayette Development Code.

The LDC establishes procedures for making land development decisions. In order to obtain a certificate of occupancy, building permit or to subdivide the property, the zoning district must permit the proposed land use and development standards. The city of Lafayette is divided into zoning districts that can be generally categorized by agricultural, residential, mixed-use, commercial and industrial land uses. Each zoning district has a set of permitted and/or conditional uses.

*Subject Property Map*

Vicinity Map

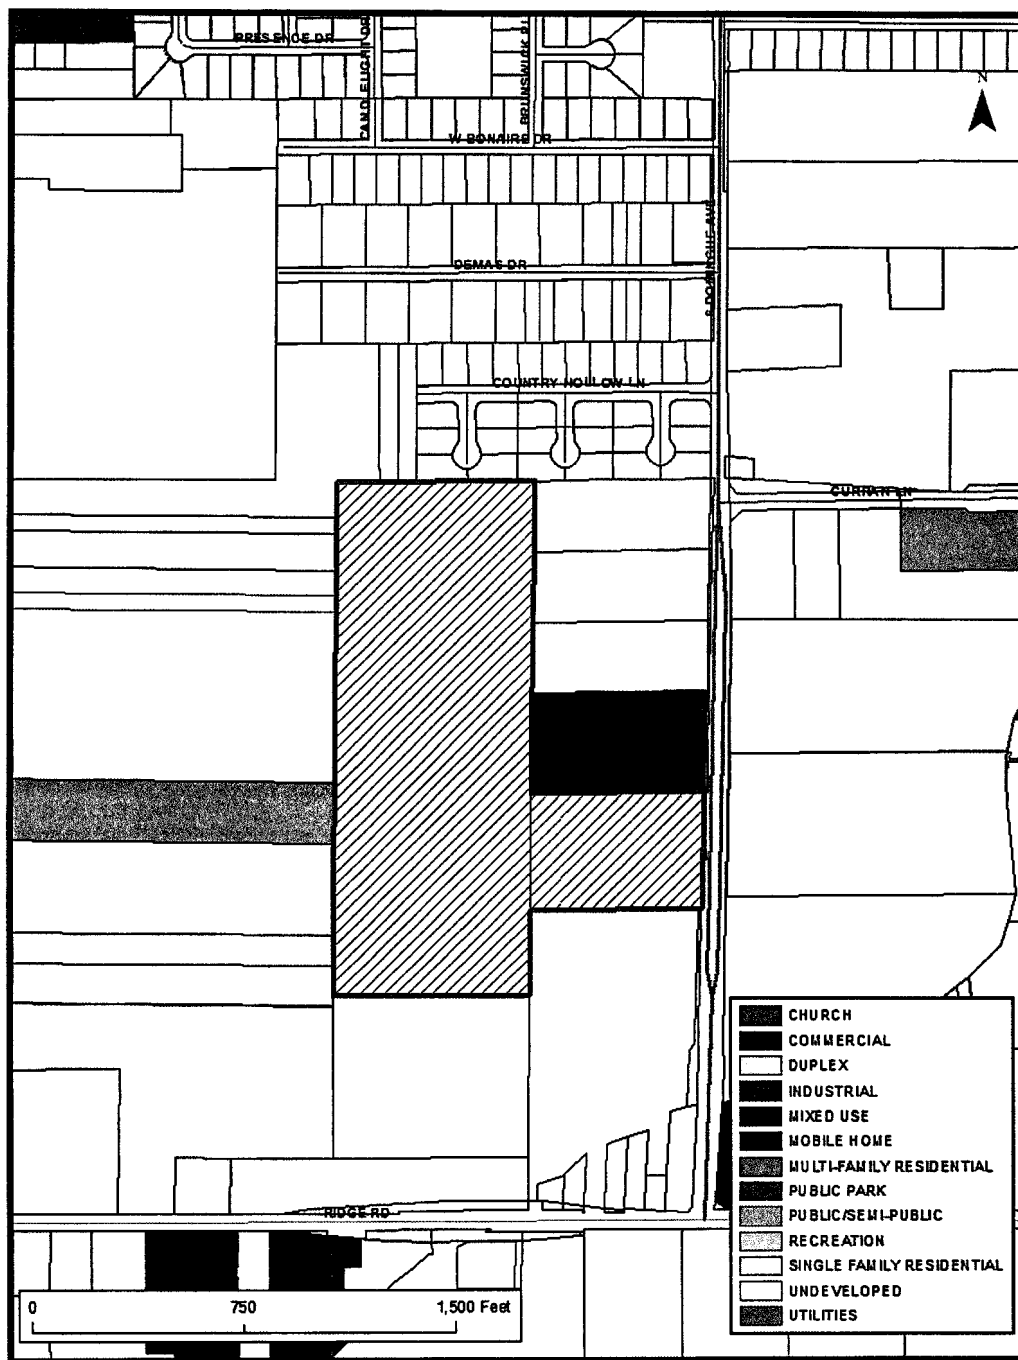

II. ANALYSIS

A. Existing conditions

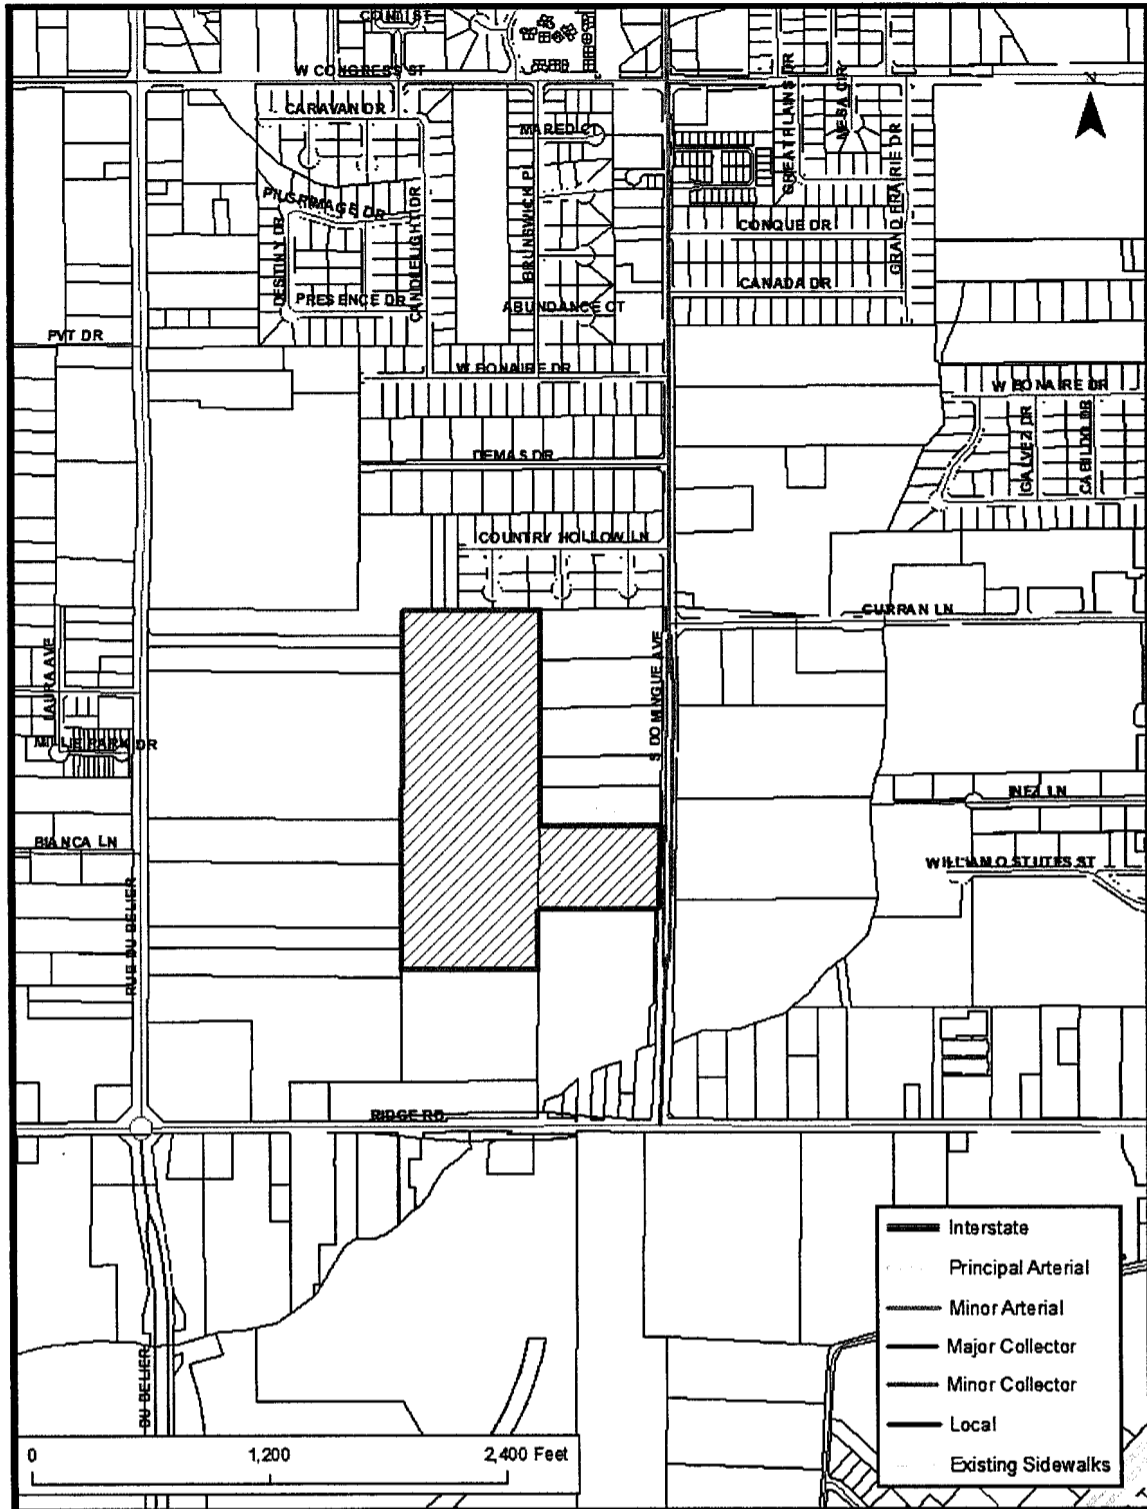

**Zoning Map of the area surrounding the petitioned site**

The zoning districts of this area seem incomplete due to the large amounts of unincorporated/undeveloped properties. There are CH (Commercial-Heavy) zoning districts along S. Domingue Avenue and south of Ridge Road. There is a RS-1 (Residential Single-Family) zoning district to the north, and several small areas of A (Agricultural) and CM-1 (Commercial Mixed). This property is just at the southwest city limits, so there are more areas of unincorporated property than in other parts of the city.

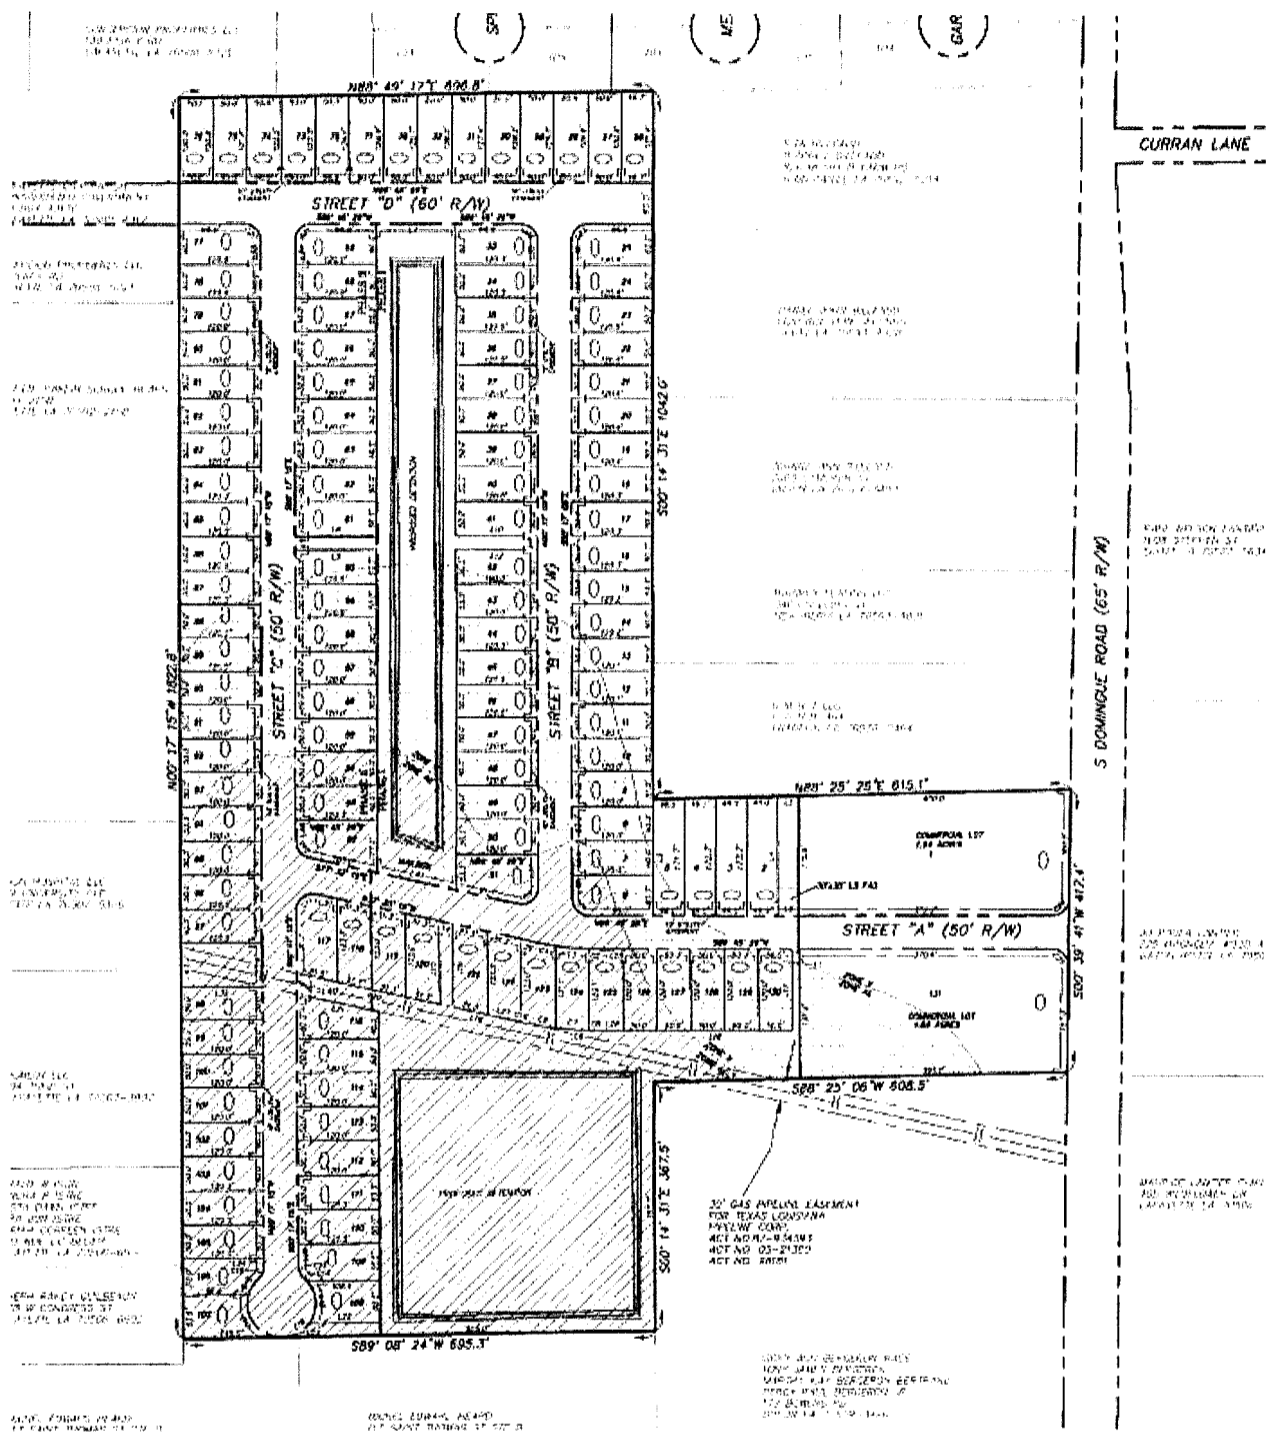

**Land uses surrounding the petitioned site**

The subject property is currently undeveloped and unincorporated. There are two existing commercial uses (electrical supply and solar turbines) next to the entrance/exit area that will provide for the area light commercial uses for the residents of this development and others in the immediate area. There are existing residential developments, and single-family residences. There are two areas of public uses which are Vermilion Hospital, South Campus, and a fire station off of Curran Lane.

**Street Classification and Sidewalk Inventory Map**

South Domingue Avenue is a minor collector at this location; Ridge Road is a minor arterial, as is Rue du Belier. Rue du Belier will change to a major collector as it runs south. There are sidewalks along Curran Lane, South Domingue, Ridge Road and Rue du Belier. The new residential development at 600 South Domingue will have sidewalks.

Preliminary Layout of Development

## B. Recent cases and relevant trends

The subject property is close to **ZON2020-0018, 234 Duhon Road Annexation**. This is a case which was presented to the Zoning Commission in March 2021, an annexation for which we assigned a zoning district of CM-1 (Commercial Mixed). This is for a convenience store with gasoline sales. Another case near to the subject property is **ZON2021-0008, 201 Duhon and 105 Marblehead Avenue Rezoning**, which is to be on the May agenda. That case is for a PD, a Planned Development. These two cases indicate the level of new development in this area. This area of the city is growing rapidly, and it is important to monitor the uses, hoping for a good blend of residential and commercial, with, hopefully, buffers between them, as necessary. There are several large residential developments in the area already, including Chateau Mirage and Chateau des Lions. There are residential neighborhoods off of North Domingue. The commercial uses already established are generally small, "light" commercial uses: electrical supply store, solar turbines, and lawncare and firewood services. More intense commercial uses, like auto repair or manufacturing of any type, are not adjacent to the property. Public uses such as schools, hospitals, fire stations are nearby.

## C. Purpose of rezoning and effect on adjacent land uses

The purpose of this application is to assign a zoning district to the subject property. The applicant is asking for RS-1 (Residential Single-Family) for the majority of the property and for MN-1 (Mixed-Use Neighborhood) for the entrance/exit to the development. This MN-1 area will be for "light" commercial uses, such as office space, light retail, things like snack or beverage bars, and will serve both the development and the nearby adjacent land uses.

## D. Evaluation of approval standards

***The proposed rezoning is consistent with the comprehensive plan.***

N/A.

***There was a mistake in the original zoning map or text.***

N/A.

***The proposed amendment is compatible with current development trends, if any, in the vicinity of the subject property.***

The proposed amendment is compatible with current development trends in the vicinity of the subject property. This area is growing quickly, and several cases and new construction follow the trend of residential developments with light commercial uses nearby for support and use.

***The proposed amendment benefits the citizens of Lafayette as a whole.***

N/A.

***The proposed amendment is compatible with surrounding land uses.***

Yes. The nearby land uses are as follows: two small commercial businesses, several neighborhood developments, a fire station and a small hospital, several seafood restaurants, and a Wal-Mart and many other businesses on nearby Ambassador Caffery Parkway.
