Veronica L. Arceneaux
Clerk of the Council
Lafayette Consolidated Government
bclafayette@lafayettela.gov

Dear Ms. Arceneaux, Lafayette City Council Members et al,

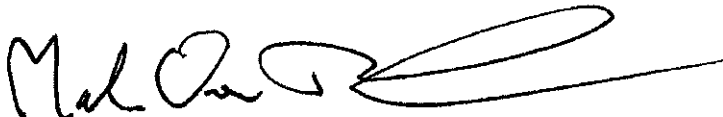

It has been my privilege to serve on the City Planning and Zoning Commissions since January of 2020. During that time, the commissions have considered and addressed issues large and small, including the implementation of the Lafayette Development Code, in the context of our city's changing economy and growth. I have endeavored to perform the duties of a commissioner in a thoughtful manner, with respect for all applicants and other members of the public, my fellow commissioners, as well as our Community Development & Planning staff.

With over thirty years as a design professional, I am committed to continuous study of historic urban design and current thinking on the subject. It is my objective to apply the knowledge gained from this study, in a manner that is consistent with our unique history and culture, to help improve the quality of life for all citizens of Lafayette.

I respectfully request the honor of continuing my service as a Planning & Zoning Commissioner.

Thank you for your service and for your consideration.

Sincerely,

Mark Owen Pritchard
