

CITY ORDINANCE NO. CO-049-2026

AN ORDINANCE OF THE LAFAYETTE CITY COUNCIL AMENDING THE LAFAYETTE DEVELOPMENT CODE SO AS TO RECLASSIFY THE PROPERTY OF CASE NO. 2026-5-REZ 2000 BLOCK SOUTH COLLEGE ROAD REZONING, LOCATED GENERALLY NORTH OF SOUTH COLLEGE ROAD, WEST OF MARKET PLACE, AND SOUTH OF OAK BRANCH; BEING REZONED FROM CH (COMMERCIAL-HEAVY) TO RM-1 (RESIDENTIAL MIXED)

BE IT ORDAINED by the Lafayette City Council, that:

SECTION 1: The Lafayette Development Code is hereby amended so as to reclassify Case No. 2026-5-REZ 2000 Block South College Road Rezoning located generally north of South College Road, west of Market Place, and south of Oak Branch, the particular parcel being rezoned from CH (Commercial-Heavy) to RM-1 (Residential Mixed); the said parcel being shown and identified on a map titled, "A Map Showing 10.444 acres to be Rezoned From CH to MN-1", prepared by Michael P. Guidry, Inc., dated February 5, 2026, a copy of which is attached hereto and made a part thereof.

SECTION 2: All ordinances or resolutions, or parts thereof, in conflict herewith are hereby repealed.

SECTION 3: This ordinance shall become effective upon signature of the Lafayette Mayor-President, the elapse of ten (10) days after receipt by the Lafayette Mayor-President without signature or veto, or upon an override of a veto, whichever occurs first.

EXECUTIVE SUMMARY

Drafted 1/ 7/2026
Amended 5/29/2026

Agenda Item #3

2026-5-REZ

City Council District: 5 – Kenneth Boudreaux

Parish Council District: 4 – John Guilbeau

Applicant: Michael P. Guidry, Inc.

Request: This is a request for the rezoning of a property from CH (Commercial-Heavy) to MN-1 (Mixed-Use Neighborhood) in order to create a residential development.

Location: 2000 Block South College Road

Summary of Proposal:

The purpose of the proposed rezoning of the subject property from CH (Commercial-Heavy) to MN-1 (Mixed-Use Neighborhood) is to allow for the building of a residential development.

Recommendation:

Staff recommends approval of the request to rezone the subject property from CH (Commercial-Heavy) to **MN-1** (Mixed-Use Neighborhood) to allow for the building of a residential development. Staff recommended consideration of **RM-1** (Residential Mixed) also. RM-1 and MN-1 both have a minimum lot size of 3000 SF, but RM-1 does not allow light commercial, as MN-1 does. However, it appears that the owner of the subject property prefers MN-1, as a zoning district that gives options as to the use on the property.

Reason for Recommendation:

The subject property is part of an area of intense zoning districts: first CH (Commercial-Heavy) and then a larger area of IL (Industrial-Light). But land use studies indicate that this area's zoning districts do not accurately reflect the existing land uses. The existing CH zoning districts

follow Kaliste Saloom, and there are several commercial heavy uses fronting the roadway, but the majority of these CH zoning districts here are office uses and other less intense commercial uses. In the IL (Industrial-Light) zoning districts near the subject property, there are a number of residential uses, a few commercial heavy uses, but very few industrial uses in this area. The true commercial heavy and industrial uses are further southeast, and beyond the right angle turn at the 1300 block of South Hugh Wallis Road.

In spite of the intense zoning districts, there are already several residential developments in the area of the subject property. Adjacent to the subject property is the RS-1 (Residential Single-Family) residential development, *Oak Place Subdivision*. *Fountainview Place* (RS-1 Residential Single-Family) and *Melancon Heights* (RM-1 Residential Mixed) are residential developments just a short distance north of the subject property, with entrances from East Kaliste Saloom Road. A border of MN-1 (Mixed-Use Neighborhood) residential properties follow South Hugh Wallis Road; legal non-conforming residential properties rezoned to legal conforming residential properties in an administrative rezoning in 2022. And there are more legal non-conforming residential properties throughout the area. Another residential development will be compatible with the existing offices, residential land uses and commercial mixed properties.

Summary of Public Comment:

At the time of publication of the preliminary report, staff has received four phone calls. Two were glad that the case would be a residential development, while two others weren't happy that anything at all was being built next to them. One would prefer the zoning remain CH, although that zoning would allow uses such as: bar/lounge, auto sales and auto repair, self-service storage, car wash and adult business, none of which are desirable adjacent to a neighborhood.

ZONING COMMISSION RECOMMENDATION

The Zoning Commission held a public hearing regarding this matter at its May 18, 2026, meeting and approved a motion to recommend that the City Council approve the request to rezone the subject properties from CH (Commercial-Heavy) to RM-1 (Residential Mixed).

Note: Case was deferred from April 20, 2026 to May 18, 2026 by Commissioners, who preferred to have more commissioners than the quorum they had to discuss case. Applicant changed the zoning he requested from MN-1 (Mixed-Use Neighborhood) to RM-1 (Residential Mixed). He made this change after his case was deferred to May 18, 2026.

PRELIMINARY STAFF REPORT

I. GENERAL INFORMATION

Applicant: Michael P. Guidry, Inc.

Request: This is a request for a rezoning of property from CH (Commercial-Heavy) to MN-1 (Mixed-Use Neighborhood), in order to build a residential development.

Location: 2000 Blk South College Road

Description: The property is located generally north of South College Road, west of Market Place, and south of Oak Branch, and is approximately 10.444 acres.

Why is Zoning Commission action required?

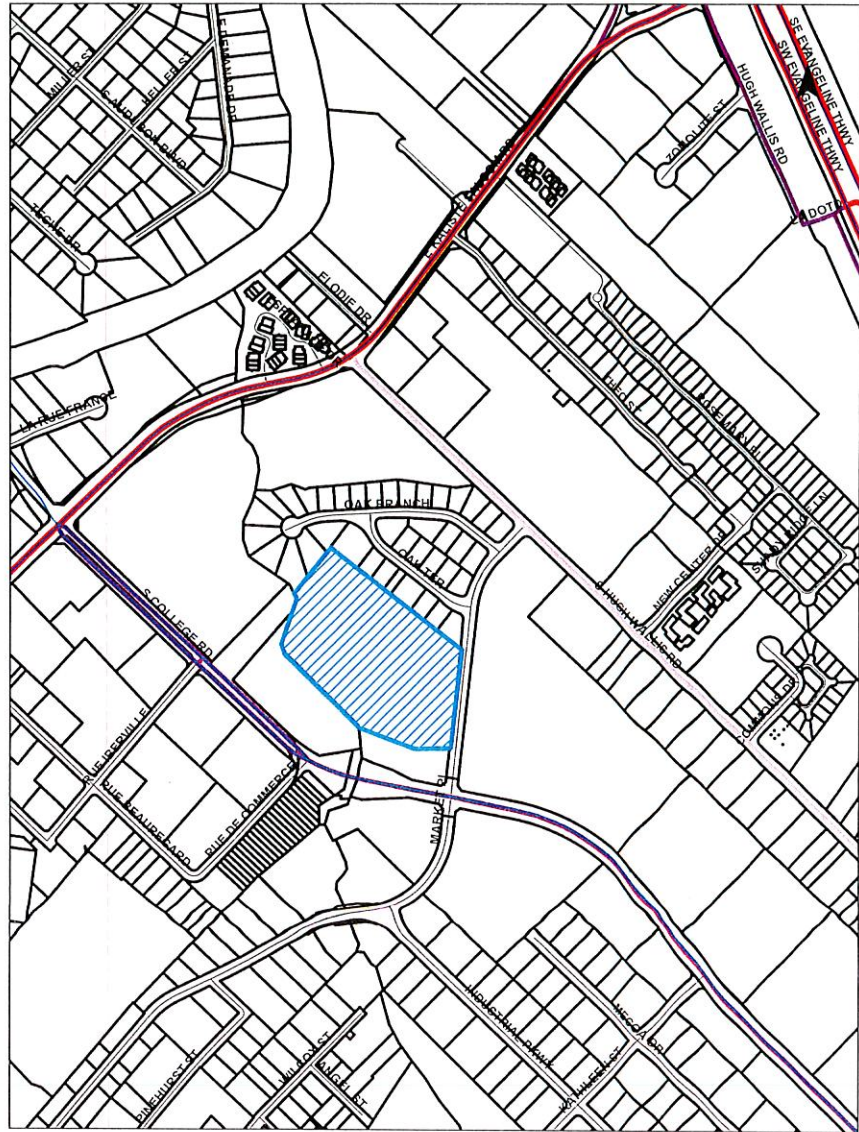

The Zoning Commission is required to make a recommendation on all applications for amendments to the zoning map to the City Council prior to council action, in accordance with Article 4 of the Lafayette Development Code.

The LDC establishes procedures for making land development decisions. In order to obtain a certificate of occupancy, building permit or to subdivide the property, the zoning district must permit the proposed land use and development standards. The city of Lafayette is divided into zoning districts that can be generally categorized by agricultural, residential, mixed-use, commercial and industrial land uses. Each zoning district has a set of permitted and/or conditional uses.

0 250 500 1,000 Feet

Vicinity Map

II. ANALYSIS

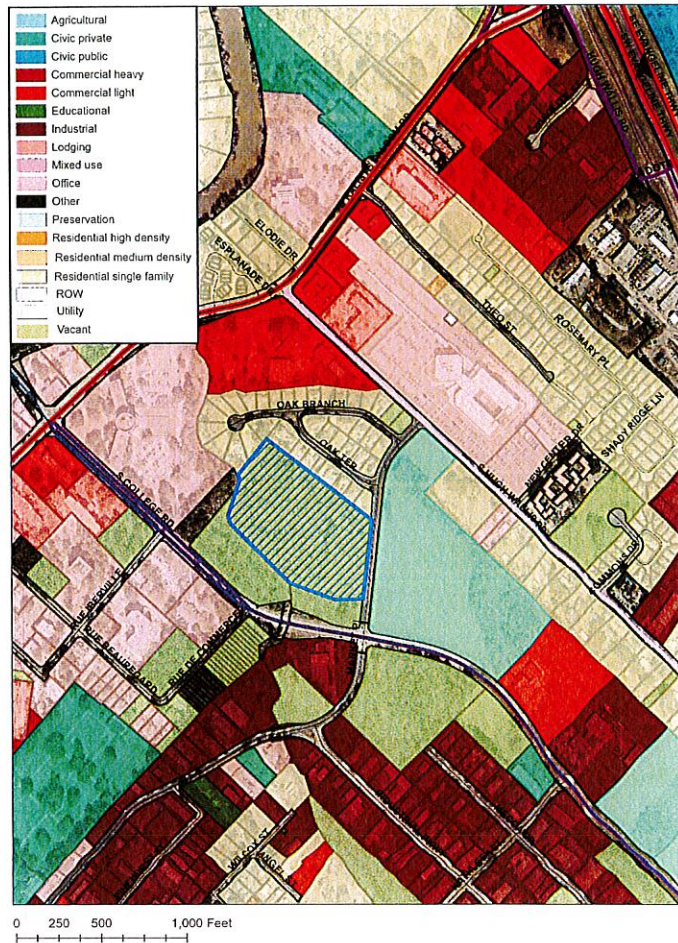

A. Existing conditions Zoning

Zoning Map of the Area Surrounding the Petitioned Site

The subject property is zoned CH (Commercial-Heavy), and is surrounded by other CH zoning districts, except where it is adjacent to another residential development, *Oak Place Subdivision*, which is a RS-1 (Residential Single-Family) zoning district. To the south of the subject property is a very large IL (Industrial-Light) zoning district, which extends further south and east. There is a strip of MN-1 (Mixed-Use Neighborhood) zoning districts following

South Hugh Wallis Road, along with RS-1 and CM-1 (Commercial Mixed) zoning districts. There are two residential developments north of the subject property, one is RM-1 (Residential Mixed) zoning districts, and the other RS-1 (Residential Single-Family) zoning districts.

Land Use Map

The Land Use map indicates a large amount of office use, both following Kaliste Saloom and in the adjacent areas. Most of the commercial uses are commercial light and commercial mixed uses, not commercial heavy. There are residential uses shown; most of them single-family residential. Lodging uses are also common here, probably due to its proximity to the Lafayette Regional Airport. There are industrial uses to the southeast, and to the north, along the Evangeline Thruway.

B. Recent cases and relevant trends

N/A.

C. Purpose of rezoning and effect on adjacent land uses

The purpose of rezoning is to switch to a zoning district that will allow a residential development. CH (Commercial-Heavy) will allow multi-family, but not a single-family development. There are very few residential uses in CH. The applicant has selected RM-1 (Residential Mixed) for a new zoning district. RM-1 will give the owner & developer options for the use of this property.

D. Evaluation of approval standards

The proposed use is consistent with the comprehensive plan.

N/A.

There was a mistake in the original zoning map or text.

N/A.

The proposed amendment is compatible with current development trends, if any, in the vicinity of the subject property.

The subject property area has become an area of offices, office parks, with a number of options in hotels and lodging. LHC has a campus of offices on South Hugh Wallis Road, while the Park Tower Office Building fronting East Kaliste Saloom Road is adjacent to the subject property. The area south of South College Road has been developed as office parks, including the Rue Beauregard Office Park, an attractive office park with residential style overtones. The flow from office parks to residential uses is an easy one.

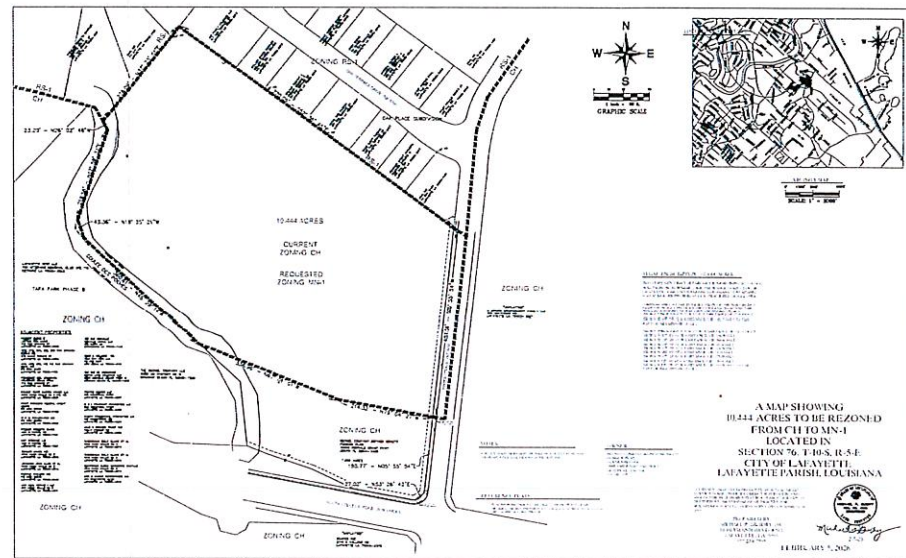

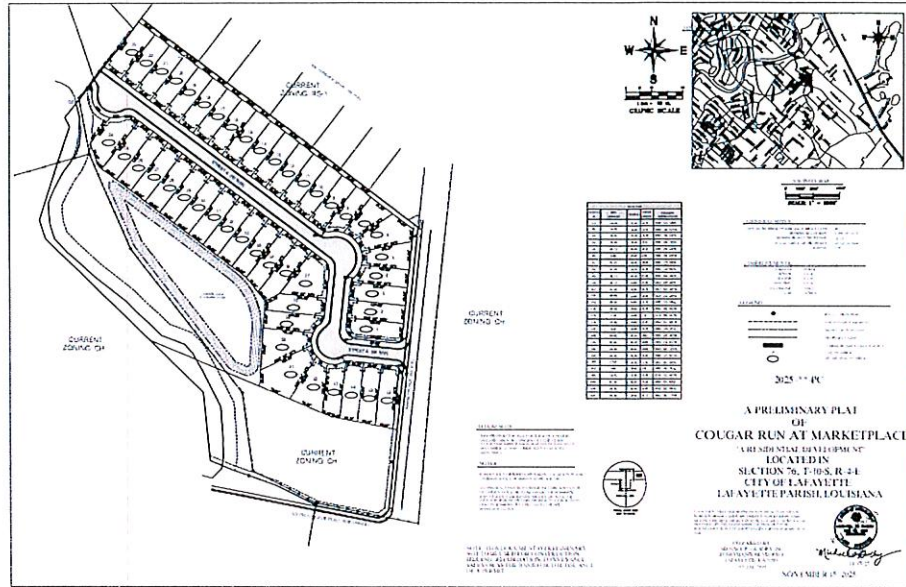

The proposed amendment promotes the public health, safety, morals, and general welfare.

N/A.

The proposed amendment is compatible with surrounding land uses.

The proposed amendment is compatible with the surrounding land uses. The nearest property to the subject property is also a single-family residential development, a RS-1 (Residential Single-Family) neighborhood. Also nearby are several office parks, and this new development should not be a problem, but possibly even a convenience for workers at the park.

Internal Memorandum

Community Development and Planning Department
Office of the Director (Route 9041)

TO: Rachel Godeaux **DATE:** May 22, 2026

FROM: Tammy Luke

SUBJECT: Case No. 2026-5-REZ
2000 Block South College Road Rezoning

The attached ordinance would rezone, from CH (Commercial-Heavy) to RM-1 (Residential Mixed), property located generally north of South College Road, west of Market Place, and south of Oak Branch. This is a city ordinance because zoning only exists in the city of Lafayette.

The Zoning Commission, at its Monday, May 18, 2026, meeting, recommended that the City Council approve the attached ordinance. We request that Council Introduction be scheduled for Tuesday, June 16, 2026 with Final Adoption Tuesday, July 7, 2026.

Please call if you have any questions or require additional information in this matter.

Tammy Luke
Director
